

5. Fold both layers of this corner forward and in along this diagonal line.

7. Turn this rectangle (and the adjacent areas to the right and left) forward and in, folding on the double broken line immediately below this text to the dotted line with the circle at the center.

6. Fold both layers of this corner forward and in along this diagonal line.

3. Fold the triangular checkerboard-shaded area behind this text forward and in along the diagonal dotted line to the right, so that the bottom left-hand corner of the sheet touches the center of the circle in the middle of the sheet, on the horizontal line.

4. Fold the triangular checkerboard-shaded area behind this text forward and in along the diagonal dotted line to the left, so that the bottom right-hand corner of the sheet touches the center of the circle in the middle of the sheet, on the horizontal line.

Intentional
Souvenir of

BEGIN HERE: 1. fold the sheet in half along the horizontal line above the text you are presently reading, so this text is still visible. Crease the fold you have just made (and all subsequent folds) firmly.

2. Fold the rectangle containing the text of no. 1 (shaded striped area) forward and down on the line above the text you are presently reading, so that the text is covered, and the diagonals on the back of the sheet line up with the ones below. Flip this sheet over, so that nos. 3 - 7 of these instructions are visible and right-side up.

9. Fold the striped triangles at the bottom left and right up and in, so that they just cover this square, tucking their outer corners fully inside the horizontal slot formed by the bottom of the smaller upper checkerboard triangle. Your folded square is now complete: Congratulations on your persistence, which enables you to read the RBS special message to you on the other side!
